

INVESTOR PRESENTATION

The Future of Decentralized
RNG Gaming

DECENTRALIZED
Built on Blockchain

TRANSPARENT
Verifiable & Provably Fair

SECURE
Immutable & Auditable

2026

THE OLD GAME IS RIGGED

Traditional lotteries suffer from opacity, slow velocity, and predatory margins.

THE HOUSE TAKES TOO MUCH

Operators take 40-50% margins. Poor value for players.

THE BLACK BOX

Results controlled by central authorities. Players cannot verify fairness.

CAPITAL STAGNATION

Weekly or monthly draws create long waiting times.

TRUST DEFICIT

Opaque prize distribution and no independent verification.

Transparency is the New House Edge

We replaced the middleman with Smart Contracts, returning value to the ecosystem.

Verifiable Fairness

All results verifiable on-chain via Blockchain RNG. Immutable and manipulation proof.

Optimized Margins

Reduced House Edge of 27.5% (vs. industry standard 50%).

High Velocity

Instant draw per ticket.
Daily settlement distributes winnings via smart contract

Trustless Architecture

Prize pools managed by code, not custodians.

Protocol Mechanics: From Ticket to Payout

Player Action

Select 6 numbers from 40.

Ticket values: \$0.25, \$0.50, \$1, or \$5.

The Drawing

Blockchain RNG generates 6 winning numbers. Completely transparent.

Smart Settlement

Automatic daily distribution to wallets.

Winning Logic

6 Matches: 40% of pool (The Jackpot) 🏆

5 Matches: 25% of pool 🪙

4 Matches: 35% of pool 🪙

3 Matches: Bonus Tips (no cash prize) 🪙

Aggressive Incentives & Player Retention

Our on-chain bonus structure drives volume and higher average basket size.

The Bonus Architecture

70% Bonus Value

The Tech Moat

Provably Fair RNG

The core retention driver.
Players stay because they
can verify the math.

DeFi Governance

Community-controlled
parameters create a sense
of ownership.

Capturing the Emerging Markets

Total Addressable Market (TAM): 2 Billion+ People

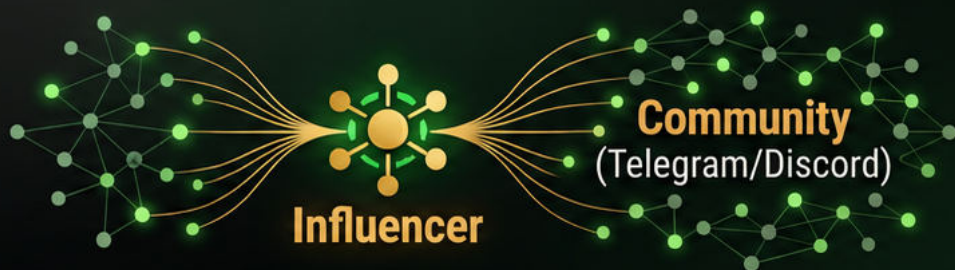

Defining the Value Gap

Metric	Traditional Lottery	ChainBETs
House Edge	40-50%	27.5%
Frequency	Weekly or Daily Draws	Instant (per ticket)
Transparency	Opaque/Trust Authority	100% On-Chain/Trust Tech
Payout Speed	Slow/Delayed	Instant Verification
Incentives	None	Up to 70% Bonus Value

KeyTakeaway: The only DeFi Blockchain number game with daily payouts and a verifiable fairness!

High-Trust Acquisition Strategy

Primary Channel: Influencer Networks

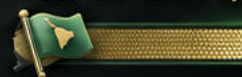

Focus on Crypto/Gaming influencers.
2-3x higher retention vs. paid ads.

CAC Estimates

Communities

Organic Viral Loop

Referral Program: "5% lifetime commission". Viral winner stories.

Tokenomics & Revenue Architecture

Unit Economics

Avg Ticket: **\$0.44 - \$0.65**

Frequency: 12 days/mo (7 tickets/day)

Net Revenue per Player: \$10 - \$15 / month

The Jackpot Engine

1. THE DAILY HABIT: ROLLOVER JACKPOT

Instant draw creates immediate excitement. Unclaimed jackpots roll to next day.

Creates compounding anticipation and daily Compounding daily login habits.

2. THE EVENT SPIKE: SUPER JACKPOTS

Funded by 1% of operator revenue.

Triggered on special occasions.

100% Payout: Zero house edge on these events to drive massive marketing spikes.

RETENTION METRICS

Projected D30 Retention: 50-55%

Drivers: Low entry price, social bonds, daily streaks.
